Ferdinand Rdece Epoca 2020

Ferdinand wines are characterized by their finesse, elegance and pronounced minerality. Epoca wines are the wines in Ferdinand's range that are made to show the storage potential of wines from Goriska Brda. Although they are already very drinkable when young.

Another proof of the complexity and structure that talented winemakers can achieve in the terroir of Goriska Brda. In the nose mainly dark fruit, plum marmalade and vanilla. In the mouth we find the same flavors. Full body, firm character.
