

Stemberger Zelen 2022

Sebastijan Stemberger's wines are characterized by their purity, elegance, minerality & freshness. Sebastijan makes his wines according to natural principles, and you can taste that.

Gastronomic orange wine based on the Malvasija grape. An extremely long skin maceration & slow wood maturation with the result of one of the best orange wines we have ever tasted. Enormously rich nose of dried apricot, lemon zest, acacia honey, pear & flint. In the mouth the same fruit tones supplemented with green tea, herbs & a hint of minerality. In short: complexity & juiciness in perfect harmony.

36.36 €

Winery	Sebastijan Stemberger
