Stemberger Zelen 2020

Sebastijan Stemberger's wines are characterized by their purity, elegance, minerality & freshness. Sebastijan makes his wines according to natural principles, and you can taste that.

This Zelen will surprise you: an intense combination of a glouglou style with a layer of fine funkiness. In the nose meadow flowers, citrus, pear, mango, green tea, elderflower and a hint of lime blossom. In terms of taste we continue on the same path: spicy, lime & a hint of green and lime blossom tea. Tight, mineral and juicy! For lovers of wines with character.

16.53 €
