Klopfer Lemberger Greiner 2014

The house's top cuvée. We were also able to get our hands on a limited number of bottles from the 2014 vintage; now perfectly drinkable. And the perfect example that a good winemaker distinguishes himself in difficult years. The grapes for this top Lemberger ripen in the oldest Lemberg vineyard under the Kleinheppacher Kopf. The very low yield level, the intensive care and the warm location form the basis for this deep, structured wine. Unique opportunity to buy wine that has matured for you.

28.97 €
